

International Seminar for Faculty Development on “Developmental Language Disorder”

The Directorate of Quality Enhancement organized an International seminar on “Developmental Language Disorder” on August 17, 2021 for the faculty members. The resource person Mrs. Heleen Syed from Holland shaded the light on the Dyslexia in children which is prevalent in 7% of world population and what are the best practices adopted in the west for overcoming this disorder in early childhood.

The workshop was attended by over 20 faculty members from Faculty of Education and Arts. In the concluding remarks, Dr. Muhammad Mohsin Javed, Registrar and Director Quality Enhancement thanked the resource person for enlightening about the topic and discussing about the diagnostic issues.
